**Part X  Public Charity Status**

Part X is designed to classify you as an organization that is either a **private foundation** or a **public charity**. Public charity status is a more favorable tax status than private foundation status. If you are a private foundation, Part X is designed to further determine whether you are a **private operating foundation**. (See instructions.)

1a Are you a private foundation? If “Yes,” go to line 1b. If “No,” go to line 5 and proceed as instructed. If you are unsure, see the instructions.  

- Yes  
- No

b As a private foundation, section 508(e) requires special provisions in your organizing document in addition to those that apply to all organizations described in section 501(c)(3). Check the box to confirm that your organizing document meets this requirement, whether by express provision or by reliance on operation of state law. Attach a statement that describes specifically where your organizing document meets this requirement, such as a reference to a particular article or section in your organizing document or by operation of state law. See the instructions, including Appendix B, for information about the special provisions that need to be contained in your organizing document. Go to line 2.

2 Are you a private operating foundation? To be a private operating foundation you must engage directly in the active conduct of charitable, religious, educational, and similar activities, as opposed to indirectly carrying out these activities by providing grants to individuals or other organizations. If “Yes,” go to line 3. If “No,” go to the signature section of Part XI.

- Yes  
- No

3 Have you existed for one or more years? If “Yes,” attach financial information showing that you are a private operating foundation; go to the signature section of Part XI. If “No,” continue to line 4.

- Yes  
- No

4 Have you attached either (1) an affidavit or opinion of counsel, (including a written affidavit or opinion from a certified public accountant or accounting firm with expertise regarding this tax law matter), that sets forth facts concerning your operations and support to demonstrate that you are likely to satisfy the requirements to be classified as a private operating foundation; or (2) a statement describing your proposed operations as a private operating foundation?

- Yes  
- No

5 If you answered “No” to line 1a, indicate the type of public charity status you are requesting by checking one of the choices below. You may check only one box.

- a 509(a)(1) and 170(b)(1)(A)(i)—a church or a convention or association of churches. Complete and attach Schedule A.
- b 509(a)(1) and 170(b)(1)(A)(ii)—a school. Complete and attach Schedule B.
- c 509(a)(1) and 170(b)(1)(A)(iii)—a hospital, a cooperative hospital service organization, or a medical research organization operated in conjunction with a hospital. Complete and attach Schedule C.
- d 509(a)(3)—an organization supporting either one or more organizations described in line 5a through c, f, g, or h.
Part X Public Charity Status (Continued)

- **e** 509(a)(4)—an organization organized and operated exclusively for testing for public safety.
- **f** 509(a)(1) and 170(b)(1)(A)(iv)—an organization operated for the benefit of a college or university that is owned or operated by a governmental unit.
- **g** 509(a)(1) and 170(b)(1)(A)(vi)—an organization that receives a substantial part of its financial support in the form of contributions from publicly supported organizations, from a governmental unit, or from the general public.
- **h** 509(a)(2)—an organization that normally receives not more than one-third of its financial support from gross investment income and receives more than one-third of its financial support from contributions, membership fees, and gross receipts from activities related to its exempt functions (subject to certain exceptions).
- **i** A publicly supported organization, but unsure if it is described in 5g or 5h. The organization would like the IRS to decide the correct status.

6 If you checked box g, h, or i in question 5 above, you must request either an advance or a definitive ruling by selecting one of the boxes below. Refer to the instructions to determine which type of ruling you are eligible to receive.

a Request for Advance Ruling: By checking this box and signing the consent, pursuant to section 6501(c)(4) of the Code you request an advance ruling and agree to extend the statute of limitations on the assessment of excise tax under section 4940 of the Code. The tax will apply only if you do not establish public support status at the end of the 5-year advance ruling period. The assessment period will be extended for the 5 advance ruling years to 8 years, 4 months, and 15 days beyond the end of the first year. You have the right to refuse or limit the extension to a mutually agreed-upon period of time or issue(s). Publication 1035, Extending the Tax Assessment Period, provides a more detailed explanation of your rights and the consequences of the choices you make. You may obtain Publication 1035 free of charge from the IRS web site at www.irs.gov or by calling toll-free 1-800-829-3676. Signing this consent will not deprive you of any appeal rights to which you would otherwise be entitled. If you decide not to extend the statute of limitations, you are not eligible for an advance ruling.

ARTICLE X
DOCUMENT RETENTION POLICY

10.1 Purpose

The purpose of this document retention policy is establishing standards for document integrity, retention, and destruction and to promote the proper treatment of Veterans Recovery Resources records.

10.2 Policy

Section 1. General Guidelines. Records should not be kept if they are no longer needed for the operation of the business or required by law. Unnecessary records should be eliminated from the files. The cost of maintaining records is an expense which can grow unreasonably if good housekeeping is not performed. A mass of records also makes it more difficult to find pertinent records.

From time to time, Veterans Recovery Resources may establish retention or destruction policies or schedules for specific categories of records in order to ensure legal compliance, and also to accomplish other objectives, such as preserving intellectual property and cost management. Several categories of documents that warrant special consideration are identified below. While minimum retention periods are established, the retention of the documents identified below and of documents not included in the identified categories should be determined primarily by the application of the general guidelines affecting document retention, as well as the exception for litigation relevant documents and any other pertinent factors.

Section 2. Exception for Litigation Relevant Documents. Veterans Recovery Resources expects all officers, directors, and employees to comply fully with any published records retention or destruction policies and schedules, provided that all officers, directors, and employees should note the following general exception to any stated destruction schedule: If you believe, or the Veterans Recovery Resources informs you, that corporate records are relevant to litigation, or potential litigation (i.e. a dispute that could result in litigation), then you must preserve those records until it is determined that the records are no longer needed. That exception supersedes any previously
or subsequently established destruction schedule for those records.

Section 3. Minimum Retention Periods for Specific Categories

(a) Corporate Documents. Corporate records include the corporation's Articles of Incorporation, By-Laws and IRS Form 1023 and Application for Exemption. Corporate records should be retained permanently. IRS regulations require that the Form 1023 be available for public inspection upon request.

(b) Tax Records. Tax records include, but may not be limited to, documents concerning payroll, expenses, proof of contributions made by donors, accounting procedures, and other documents concerning the corporation's revenues. Tax records should be retained for at least seven years from the date of filing the applicable return.

(c) Employment Records/Personnel Records. State and federal statutes require the corporation to keep certain recruitment, employment and personnel information. The corporation should also keep personnel files that reflect performance reviews and any complaints brought against the corporation or individual employees under applicable state and federal statutes. The corporation should also keep in the employee's personnel file all final memoranda and correspondence reflecting performance reviews and actions taken by or against personnel. Employment applications should be retained for three years. Retirement and pension records should be kept permanently. Other employment and personnel records should be retained for seven years.

(d) Board and Board Committee Materials. Meeting minutes should be retained in perpetuity in the corporation's minute book. A clean copy of all other Board and Board Committee materials should be kept for no less than three years by the corporation.

(e) Press Releases/Public Filings. The corporation should retain permanent copies of all press releases and publicly filed documents under the theory that the corporation should have its own copy to test the accuracy of any document a member of the public can theoretically produce against the corporation.

(f) Legal Files. Legal counsel should be consulted to determine the retention period of particular documents, but legal documents should generally be maintained for a period of ten years.

(g) Marketing and Sales Documents. The corporation should keep final copies of marketing and sales documents for the same period of time it keeps other corporate files, generally three years. An exception to the three-year policy may be sales invoices, contracts, leases, licenses, and other legal documentation. These documents should be kept for at least three years beyond the life of the agreement.

(h) Development/Intellectual Property and Trade Secrets. Development documents are often subject to intellectual property protection in their final form (e.g., patents and copyrights). The documents detailing the development process are often also of value to the corporation and are protected as a trade secret where the corporation:

(i) derives independent economic value from the secrecy of the information; and
(ii) has taken affirmative steps to keep the information confidential.

The corporation should keep all documents designated as containing trade secret information for at least the life of the trade secret.

(i) Contracts. Final, execution copies of all contracts entered into by the corporation should be retained. The corporation should retain copies of the final contracts for at least three years beyond the life of the agreement, and longer in the case of publicly filed contracts.

(j) Correspondence. Unless correspondence falls under another category listed elsewhere in this policy, correspondence should generally be saved for two years.

(k) Banking and Accounting. Accounts payable ledgers and schedules should be kept for seven years. Bank reconciliations, bank statements, deposit slips and checks (unless for important payments and purchases) should be kept for three years. Any inventories of products, materials, and supplies and any invoices should be kept for seven years.

(l) Insurance. Expired insurance policies, insurance records, accident reports, claims, etc. should be kept permanently.

(m) Audit Records. External audit reports should be kept permanently. Internal audit reports should be kept for three years.

Section 4. Electronic Mail. E-mail that needs to be saved should be either:

(i) printed in hard copy and kept in the appropriate file; or

(ii) downloaded to a computer file and kept electronically or on disk as a separate file. The retention period depends upon the subject matter of the e-mail, as covered elsewhere in this policy.

ARTICLE XI

Part IV - Narrative Description of Activities

Veterans Recovery Resources has no past activities.

Present activities include preparation needed to complete the formation of the corporation and establish the clinical framework for the program.

Planned activities are to purchase and renovate a facility capable of meeting the residential needs for up to 20 veterans or service members.

Within the facility, provide therapy and treatment options for veterans in crisis, including, among other things, in-patient residential and out-patient treatment, and to establish a mechanism for counseling and fellowship among service members and veterans recovering from drug and alcohol addiction and other service-connected mental and emotional health conditions.
Note: Veterans Recovery Resources will follow the attached Conflict of Interest Policy to ensure compliance.
ARTICLE I
PURPOSES

It is important for Veterans Recovery Resources directors, officers, and staff to be aware that both real and apparent conflicts of interest or dualities of interest sometimes occur in the course of conducting the affairs of the corporation and that the appearance of conflict can be troublesome even if there is in fact no conflict whatsoever. Conflicts occur because the many persons associated with the corporation should be expected to have, and do in fact generally have multiple interests and affiliations and various positions of responsibility within the community. In these situations a person will sometimes owe identical duties of loyalty to two or more corporations. The purpose of the conflict of interest policy is to protect the corporation's tax-exempt interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of the corporation or might result in a possible excess benefit transaction. The policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

Conflicts are undesirable because they potentially or eventually place the interests of others ahead of the corporation's obligations to its charitable purposes and to the public interest. Conflicts are also undesirable because they often reflect adversely upon the person involved and upon the institutions with which they are affiliated, regardless of the actual facts or motivations of the parties. However, the long-range best interests of the corporation do not require the termination of all association with persons who may have real or apparent conflicts that are harmless to all individuals or entities involved.

Each member of the board of directors and the staff of the corporation has a duty of loyalty to the corporation. The duty of loyalty generally requires a director or staff member to prefer the interests of the corporation over the director's/staff's interest or the interests of others. In addition, directors and staff of the corporation shall avoid acts of self-dealing which may adversely affect the tax-exempt status of the corporation or cause there to arise any sanction or penalty by a governmental authority.

In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement.
ARTICLE II
DEFINITIONS

2.1 Interested Person

Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person.

2.2 Financial Interest

A person has a financial interest if the person has, directly or indirectly, thorough business, investment, or family:

(a) An ownership or investment interest in any entity with which the corporation has a transaction or arrangement,

(b) A compensation arrangement with the corporation or with any entity or individual with which the corporation has a transaction or arrangement, or

(c) A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the corporation is negotiating a transaction or arrangement.

Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial. A financial interest is not necessarily a conflict of interest. Under Article III, Section 2, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

ARTICLE III
PROCEDURES

3.1 Duty to Disclose

In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement

3.2 Determining Whether a Conflict of Interest Exists

After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.

3.3 Procedures for Addressing the Conflict of Interest
(a) An interested person may make a presentation at the governing board or committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement involving the possible conflict of interest.

(b) The chairperson of the governing board or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.

(c) After exercising due diligence, the governing board or committee shall determine whether the corporation can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.

(d) If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in the corporation's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination it shall make its decision as to whether to enter into the transaction or arrangement.

3.4 Violations of the Conflicts of Interest Policy

(a) If the governing board or committee has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.

(b) If, after hearing the member's response and after making further investigation as warranted by the circumstances, the governing board or committee determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

ARTICLE IV
RECORDS OF PROCEEDINGS

4.1 Minutes

The minutes of the governing board and all committees with board delegated powers shall contain:

(a) The names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the governing board's or committee's decision as to whether a conflict of interest in fact existed.

(b) The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection with the proceedings.
ARTICLE V
COMPENSATION

5.1 A voting member of the governing board who receives compensation, directly or indirectly, from the corporation for services is precluded from voting on matters pertaining to that member's compensation.

5.2 A voting member of any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from the corporation for services is precluded from voting on matters pertaining to that member’s compensation.

5.3 No voting member of the governing board or any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from the corporation, either individually or collectively, is prohibited from providing information to any committee regarding compensation.

ARTICLE VI
ANNUAL STATEMENTS

Each director, principal officer and member of a committee with governing board delegated powers shall annually sign a statement which affirms such person:

(a) Has received a copy of the conflicts of interest policy,

(b) Has read and understands the policy,

(c) Has agreed to comply with the policy, and

(e) Understands that the corporation is charitable and in order to maintain its federal tax exemption it must engage primarily in activities which accomplish one or more of its tax-exempt purposes.

ARTICLE VII
PERIODIC REVIEWS

To ensure the corporation operates in a manner consistent with charitable purposes and does not engage in activities that could jeopardize its tax-exempt status, periodic reviews shall be conducted. The periodic reviews shall, at a minimum, include the following subjects:

(a) Whether compensation arrangements and benefits are reasonable, based on competent survey information and the result of arm's length bargaining.

(b) Whether partnerships, joint ventures, and arrangements with management corporations conform to the corporation's written policies, are properly recorded, reflect reasonable investment
or payments for goods and services, further charitable purposes and do not result in inumment, impermissible private benefit or in an excess benefit transaction.

ARTICLE VIII
USE OF OUTSIDE EXPERTS

When conducting the periodic reviews as provided for in Article VII, the corporation may, but need not, use outside advisors. If outside experts are used, their use shall not relieve the governing board of its responsibility for ensuring periodic reviews are conducted.

CERTIFICATE OF ADOPTION OF CONFLICT OF INTEREST POLICY AND AGREEMENT

I do hereby certify that the above stated Conflict of Interest Policy and Agreement for Veterans Recovery Resources were approved and adopted by the board of directors on February 15, 2016 and constitute a complete copy of the Conflict of Interest Policy of the corporation.

Part V, Item 3a - Compensation and Other Financial Arrangements

Veterans Recovery Resources (VRR) currently has no compensated officers, directors, trustees, employees or independent contractors. All contributors, thus far are unpaid volunteers.

As paid employees are added, (VRR) Board of Directors will approve all employee compensation packages. Salary and compensation recommendations will utilize the U.S. Office of Personnel Management General Schedule (GS) classification and pay system as the basis for recommending employee compensation. As much as possible, paid positions will be matched to similar GS positions. Maximum compensation for any employee will be limited to that of the Vice President of the United States.

To be fully operational, VRR will require a staff of approximately 16 full-time and part-time employees. These employees will be added over time as the program develops and funds are raised to support. The first four employees will be:

- Executive Director (GS-15 equivalent $116,021.00)
- Assistant Director (GS-11 equivalent $58,562.00)
- Clinical Director (GS-12 equivalent $70,192.00)
- Finance Director (GS-12 equivalent $70,192.00).

Subsequent staff will be added as required and as resources become available. First year, fully staffed annual payroll is estimated between $700,000 - $750,000.
Part VI, Item 1a - Individuals That Receive Benefits

To provide therapy and treatment options for veterans and service members in crisis, including, among other things, in-patient residential and out-patient treatment, and to establish a mechanism for counseling and fellowship among service members and veterans recovering from drug and alcohol addiction and other service-connected mental and emotional health conditions.
Part VIII, Item 4a - Description of Fundraising Programs

Veterans Recovery Resources does not yet have a developed fund raising program but intends to develop one. We will first seek donations for start-up funds through personal solicitations from those who have shown an interest in our organization. Those initial contributions will be used to develop the comprehensive fund-raising program that will likely include those programs listed. VRR was formed to provide therapy and treatment options for veterans in crisis, including in-patient residential and outpatient substance abuse treatment, and to establish a mechanism for counseling and fellowship among service members and veterans recovering from drug and alcohol addiction and other service connected mental and emotional health conditions. VRR anticipates the following fundraising activities will be used to solicit donations through mail, email, personal solicitation, foundation grant solicitation and government grant solicitation for carrying out its exempt purpose. It is anticipated that all fundraising activities will be conducted by volunteers and employees of the organization.

Schedule C, Section I, Item 4 - Explanation Why No Full Time Emergency Room is Provided

ATTACHED
Because the facility is not a hospital, the Organization will not provide or maintain a full-time emergency room. However, full-time emergency mental health services will be provided. A 24-hour hotline will be maintained and staffed at all times by qualified individuals who have received proper training in dealing with such situations.
Schedule C, Section I, Item 5 - Explanation of Policy Regarding Charity Cases

ATTACHED
ARTICLE I

POLICY

Veterans Recovery Resources is committed to providing charity care to persons who have healthcare needs and are uninsured, underinsured, ineligible for a government program, or otherwise unable to pay, for medically necessary care based on their individual financial situation. Consistent with its mission to deliver compassionate, high quality, affordable mental healthcare services, Veterans Recovery Resources strives to ensure that the financial capacity of veterans and service members who need mental health care services does not prevent them from seeking or receiving care. Veterans Recovery Resources will provide, without discrimination, care for emergency mental health conditions to individuals regardless of their eligibility for financial assistance or for government assistance.

Accordingly, this written policy:

(a) Includes eligibility criteria for financial assistance – free and discounted (partial charity) care

(b) Describes the basis for calculating amounts charged to patients eligible for financial assistance under this policy

(c) Describes the method by which patients may apply for financial assistance

(d) Describes how the organization will widely publicize the policy within the community served by the treatment facility

(e) Limits the amounts that the treatment facility will charge for emergency or other medically necessary mental healthcare provided to individuals eligible for financial assistance to amount generally billed (received by) the treatment facility for commercially insured or Medicare patients

Charity is not considered to be a substitute for personal responsibility. Patients are expected to cooperate with Veterans Recovery Resources’ procedures for obtaining charity or other forms of payment or financial assistance, and to contribute to the cost of their care based on their individual ability to pay. Individuals with the financial capacity to purchase health insurance shall be encouraged to do so, as a means of assuring access to health care services, for their overall personal health, and for the protection of their individual assets.

In order to manage its resources responsibility and to allow Veterans Recovery Resources to provide the appropriate level of assistance to the greatest number of persons in need, the Board of Directors establishes the following guidelines for the provision of patient charity.
ARTICLE II

DEFINITIONS

2.1 Charity Care

Mental healthcare services that have been or will be provided but are never expected to result in cash inflows. Charity care results from a provider's policy to provide mental healthcare services free or at a discount to individuals who meet the established criteria.

2.2 Family

Using the Census Bureau definition, a group of two or more people who reside together and who are related by birth, marriage, or adoption. According to Internal Revenue Service rules, if the patient claims someone as a dependent on their income tax return, they may be considered a dependent for purposes of the provision of financial assistance.

2.3 Family Income

Family Income is determined using the Census Bureau definition, which uses the following income when computing federal poverty guidelines:

(a) Includes earnings, unemployment compensation, workers’ compensation, Social Security, Supplemental Security Income, public assistance, veterans’ payments, survivor benefits, pension or retirement income, interest, dividends, rents, royalties, income from estates, trusts, educational assistance, alimony, child support, assistance from outside the household, and other miscellaneous sources;

(b) Noncash benefits (such as food stamps and housing subsidies) do not count;

(c) Determined on a before-tax basis;

(d) Excludes capital gains or losses; and

(e) If a person lives with a family, includes the income of all family members (Non-relatives, such as housemates, do not count).

2.4 Uninsured

The patient has no level of insurance or third party assistance to assist with meeting his/her payment obligations.

2.5 Underinsured
The patient has some level of insurance or third-party assistance but still has out-of-pocket expenses that exceed his/her financial abilities. **Gross charges**: The total charges at the organization’s full established rates for the provision of patient care services before deductions from revenue are applied.

### 2.6 Emergency medical conditions

Defined within the meaning of section 1867 of the Social Security Act (42 U.S.C. 1395dd).

### 2.7 Medically necessary

As defined by Medicare (services or items reasonable and necessary for the diagnosis or treatment of illness or injury).

---

**ARTICLE III**

**PROCEDURES**

### 3.1 Services Eligible Under This Policy

For purposes of this policy, “charity” or “financial assistance” refers to mental healthcare services provided by Veterans Recovery Resources without charge or at a discount to qualifying patients. The following healthcare services are eligible for charity:

**(a)** Emergency mental medical services provided in an emergency room setting;

**(b)** Services for a condition which, if not promptly treated, would lead to an adverse change in the health status of an individual;

**(c)** Non-elective services provided in response to life-threatening circumstances in a non-emergency room setting; and

**(d)** Medically necessary services, evaluated on a case-by-case basis at Veterans Recovery Resources’ discretion.

### 3.2 Eligibility for Charity

Eligibility for charity will be considered for those individuals who are uninsured, underinsured, ineligible for any government health care benefit program, and who are unable to pay for their care, based upon a determination of financial need in accordance with this Policy. The granting of charity shall be based on an individualized determination of financial need, and shall not take into account age, gender, race, social or immigrant status, sexual orientation or religious affiliation. Patients are eligible to receive charity for deductibles, co-insurance, or co-payment responsibilities.
3.3 Method by Which Patients May Apply for Charity Care

(a) Financial need will be determined in accordance with procedures that involve an individual assessment of financial need; and may

1. Include an application process, in which the patient or the patient’s guarantor are required to cooperate and supply personal, financial and other information and documentation relevant to making a determination of financial need;

2. Include the use of external publically available data sources that provide information on a patient’s or a patient’s guarantor’s ability to pay (such as credit scoring);

3. Include reasonable efforts by Veterans Recovery Resources to explore appropriate alternative sources of payment and coverage from public and private payment programs, and to assist patients to apply for such programs;

4. Take into account the patient’s available assets, and all other financial resources available to the patient; and

5. Include a review of the patient’s outstanding accounts receivable for prior services rendered and the patient’s payment history.

(b) It is preferred but not required that a request for charity and a determination of financial need occur prior to rendering of non-emergent medically necessary services. However, the determination may be done at any point in the collection cycle. The need for financial assistance shall be re-evaluated at each subsequent time of services if the last financial evaluation was completed more than a year prior, or at any time additional information relevant to the eligibility of the patient for charity becomes known.

(c) Veterans Recovery Resources’ values of human dignity and stewardship shall be reflected in the application process, financial need determination and granting of charity. Requests for charity shall be processed promptly and Veterans Recovery Resources shall notify the patient or applicant in writing within 30 days of receipt of a completed application.

3.4 Presumptive Financial Assistance Eligibility

There are instances when a patient may appear eligible for charity care discounts, but there is no financial assistance form on file due to a lack of supporting documentation. Often there is adequate information provided by the patient or through other sources, which could provide sufficient evidence to provide the patient with charity care assistance. In the event there is no evidence to support a patient’s eligibility for charity care, Veterans Recovery Resources may use outside agencies in determining estimate income amounts for the basis of determining charity care eligibility and potential discount amounts. Once determined, due to the inherent nature of the presumptive circumstances, the only discount that can be granted is a 100% write off of the account balance. Presumptive eligibility may be determined on the basis of individual life circumstances that may include:
(a) State-funded prescription programs;

(b) Homeless or received care from a homeless clinic;

(c) Participation in Women, Infants and Children programs (WIC);

(d) Food stamp eligibility;

(e) Subsidized school lunch program eligibility;

(f) Eligibility for other state or local assistance programs that are unfunded (e.g., Medicaid spend-down);

(g) Low income/subsidized housing is provided as a valid address; and

(h) Patient is deceased with no known estate.

3.5 Eligibility Criteria and Amounts Charged to Patients

Services eligible under this Policy will be made available to the patient on a sliding fee scale, in accordance with financial need, as determined in reference to Federal Poverty Levels (FPL) in effect at the time of the determination. Once a patient has been determined by Veterans Recovery Resources to be eligible for financial assistance, that patient shall not receive any future bills based on undiscounted gross charges. The basis for the amounts Veterans Recovery Resources will charge patients qualifying for financial assistance is as follows:

(a) Patients whose family income is at or below 75% of the FPL are eligible to receive free care;

(b) Patients whose family income is above 75% but not more than 100% of the FPL are eligible to receive services at amounts no greater than the amounts generally billed to (received by Veterans Recovery Resources for) commercially insured [or Medicare] patients; and

(c) Patients whose family income exceeds 100% of the FPL may be eligible to receive discounted rates on a case-by-case basis based on their specific circumstances, such as catastrophic illness or medical indigence, at the discretion of Veterans Recovery Resources; however the discounted rates shall not be greater than the amounts generally billed to (received by Veterans Recovery Resources for) commercially insured [or Medicare] patients.

3.6 Communication of the Charity Program to Patients and Within the Community

Notification about charity available from Veterans Recovery Resources, which shall include a contact number, shall be disseminated by Veterans Recovery Resources by various means, which may include, but are not limited to, the publication of notices in patient bills and by posting notices in emergency rooms, in the Conditions of Admission form, at urgent care centers, admitting and registration departments, hospital business offices, and patient financial services offices that
located on facility campuses, and at other public places as Veterans Recovery Resources may elect. Veterans Recovery Resources also shall publish and widely publicize a summary of this charity care policy on facility websites, in brochures available in patient access sites and at other places within the community served as Veterans Recovery Resources may elect. Such notices and summary information shall be provided in the primary languages spoken by the population serviced by Veterans Recovery Resources. Referral of patients for charity may be made by any member of the Veterans Recovery Resources staff or medical staff, including physicians, nurses, financial counselors, social workers, case managers, chaplains, and religious sponsors. A request for charity may be made by the patient or a family member, close friend, or associate of the patient, subject to applicable privacy laws.

3.7 Relationship to Collection Policies

Veterans Recovery Resources management shall develop policies and procedures for internal and external collection practices (including actions the organization may take in the event of non-payment, including collections action and reporting to credit agencies) that take into account the extent to which the patient qualifies for charity, a patient’s good faith effort to apply for a governmental program or for charity from Veterans Recovery Resources, and a patient’s good faith effort to comply with his or her payment agreements with Veterans Recovery Resources. For patients who qualify for charity and who are cooperating in good faith to resolve their discounted bills, Veterans Recovery Resources may offer extended payment plans, will not send unpaid bills to outside collection agencies, and will cease all collection efforts. Veterans Recovery Resources will not impose extraordinary collections actions such as wage garnishments; liens on primary residences, or other legal actions for any patient without first making reasonable efforts to determine whether that patient is eligible for charity care under this financial assistance policy. Reasonable efforts shall include:

(a) Validating that the patient owes the unpaid bills and that all sources of third-party payment have been identified and billed by Veterans Recovery Resources;

(b) Documentation that Veterans Recovery Resources has or has attempted to offer the patient the opportunity to apply for charity care pursuant to this policy and that the patient has not complied with the application requirements;

(c) Documentation that the patient does not qualify for financial assistance on a presumptive basis;

(d) Documentation that the patient has been offered a payment plan but has not honored the terms of that plan.

3.8 Regulatory Requirements

In implementing this Policy, Veterans Recovery Resources management and facilities shall comply with all other federal, state, and local laws, rules, and regulations that may apply to activities conducted pursuant to this Policy.
